A Review of the Year's Doings and Mis-doings
as observed by

The Class of Nineteen-Eighteen

With Photographic Illustrations, Drawings and Cartoons
—Touching many a Tender Spot

Fully Censored and Approved

MCMXVIII.
RIPON HIGH SCHOOL, RIPON, WIS.
Dedicated

TO THE FOUR MEMBERS OF THE CLASS OF NINETEEN HUNDRED AND EIGHTEEN: LOU- DON WEBSTER, CHARLES WEBSTER, ARNOLD OLDENBURG, AND RAYMOND HAENSGEN, WHO ARE SERVING UNCLE SAM ON LAND AND ON SEA, AND HELPING "TO MAKE THE WORLD SAFE FOR DEMOCRACY."

BY THE CLASS OF NINETEEN HUNDRED AND EIGHTEEN AS AN APPRECIATION OF THEIR PATRIOTISM AND COURAGE
URING THIS FORMATIVE PERIOD of our lives, the members of our faculty exercise a great influence in shaping our characters, our ideals and our careers. When the success of many of the Ripon High School Alumni is taken into consideration, it is quite evident that our faculty members are worthy patterns for our own lives.

During our four years in school we have made many warm friends among our instructors. These friendships will grow as the years pass, and especially, as we come into a full realization of the great lessons and benefits derived from these associations.

The members of the Class of Eighteen feel deeply indebted to the faculty for their untiring efforts to replenish our scanty store of knowledge and for their intimate interest in our welfare.

The Class of 'Eighteen

Motto: [B]

Colors: Yellow and White
Class Flower: Lily-of-the-Valley
Patron: Supt. A. F. Cook

Officers:
- President: Donovan Corliss
- Vice-President: Freeman Otto
- Secretary: Erna Ladwig
- Treasurer: Elsie Zinzow

Valedictorian: Allen Wilson
Salutatorian: Lorraine Foat

The Class of Nineteen Eighteen, with fifty-one members, is by far the largest class that has ever graduated from Ripon High School. Considering the size of the city and the number of students enrolled in the public schools, this is a remarkable record.

During our Senior year in school we have made astounding accomplishments. Ripon High School's greatest basketball team, the 1918 team which won fourth place in the State Tournament, was composed wholly of Seniors. Otto, Thada, Wilson, Gustin, Corliss, and Kurth made an everlasting name for the class in the athletic world.

Our dramatic talent was evident in the Senior play, "Green Stockings." Rows upon rows of packed seats and round after round of hearty applause indicated the success of the undertaking. Such stars as Foat, Wilson, Ladwig, Thayer, Eversz, Boese, Fewell, Otto, and Cease made this play a roaring success.

Seniors hold important positions in all societies and have been factors in practically every school activity. This annual is a sample of our work and we are very satisfied and proud of the results.

Allen Wilson as President of the Student Council has conducted our local affairs in a praiseworthy style, and contributed his share towards increasing the efficiency and dignity of the Class of 'Eighteen.

Donald Thayer has injected some real life into the Spectator and each issue is eagerly awaited by the students.

Eight of our classmates are completing their courses in three years. They are: Foat, Wilson, Hall, Horner, Rottmann, Akin, Buchholz, and Mahon. No further comment is needed. We challenge any other class in the country to duplicate this feat.

We are fortunate in having a most able faculty and an energetic advisor in the person of Supt. A. F. Cook. May our faculty never cease to be proud of the Class of 'Eighteen, and may we ever reserve a warm corner in our hearts for Ripon High School.

BE PREPARED

Life's like a theory both deep and complex;
'Tis vague and uncertain. Through experiment,
The future's made real and the core brought to light
As a bundle of joy and disappointment.

Opportunity beckons to every man once;
She appears without warning and speaks in low tones.
Be prepared for the meeting and quick to respond;
Let the shiftless repent, leave remorse to the drones.

Success is the child of our determination;
Sloth is the swamp in which temptations lurk: Ambition is folly 'less mixed with a will,
For calm follows storm and rest follows work.

All life's a great school, and death—graduation;
'Tis a glorious hour that comes to each one. May we meet it with joy and free from regret,
And rest in the lethe of satisfaction.

Though the snows of the Arctic vanish from sight;
Should the burning hot Tropics grow cold over night;
Though the world turn to water, let naught intervene
To hinder the motto of the Class of 'Eighteen:

BE SQUARE.
During the twenty years since their graduation, the members of the Class of '18 have followed many and varied pursuits, but at their reunion in the spring of 1938, each member attending was able to give an account of himself. So gratifying and encouraging were these reports that we feel obliged and proud to submit them to the eyes of the world.

Marion Akin, Ph. D., P. D. Q., M. A., is now expounding the occult mysteries of Astronomy and Egyptian Hieroglyphics in the university at Cairo, Egypt.

Since the establishment of an air route from Earth to Mars, Margaret Amend has been appointed as special representative of the Women's Clubs of Ceresco, on our neighboring planet.

Mary Baird is now the proprietress of the Ripon Hand Laundry. She will not be responsible for damages to collars, etc.

Wilbur Boese as a successor of Billy Sunday, is drawing myriads of people to the straight and narrow way.

Adelaide Buchholz is situated on a truck farm near Woodhull. She has revolutionized the horticultural world by inventing an odorless onion.

Ruth Cease, actress, has made such success in her roles, that at one city, the management presented her with the theatre—brick by brick.

Ralph Conney has been employed by the government of Greenland to furnish an encyclopedia of facts concerning the habits of fish.

Donovan Corliss, matinee idol and rival of Douglas Fairbanks, receives thousands of letters each day from admiring lassies.

Harold Danielsen, member of the "Dill"-ectable Mail Order House, has outdistanced his competitors by giving a dill pickle for each $50.00 purchase.

Helen Eversz as President of the Housewives' Union of America, has ordered a general strike until each man furnishes his wife with a floor scrubbing machine.

Romayne Fewell, our good hearted classmate, has organized a society for the prevention of cruelty to husbands. (It is reported that her own husband is a strong supporter of the organization.)

Lorraine Foat is playing heavy parts in Schuster's Grand Opera Co. where her school girl habit of casting her eyes heavenward has won great admiration.

Harley Gibson is now the efficient wireless operator at the Center House. "Chub" was the first to receive the message telling of the death of the Kaiser.

Earl Gibson was one of the few survivors of the recent Ohio river floods. He escaped by clinging to a copy of McLaughlin's History.
MERRITT GUSTIN is in the employ of the Rock and Stone Biscuit Co. His chief duty is to bite the holes in the doughnuts.

ELIZABETH HALL is acting as governess of a 45 year old child. Her chief recreation is to talk with the gardner about the food value of parsnips.

KATHRYN HARRIS has patented a method for putting on weight. Formula:—One cake of yeast every 5 minutes. Results:—One inch increase in diameter for each dose taken.

Equality of suffrage has placed SELMA HEFT in the office of Sheriff of Fond du Lac County. Last week he surrounded and captured, unaided, thirteen bloodthirsty bandits.

ELNORA HILL now has John Phillip Sousa working as an office boy in her studio at Timbuktu.

ANNE HORNER is to be found doing missionary work among the woolly savages of the Dark Continent. It is rumored that certain banking interests may deprive the field of its best workers.

VELMA HOWE has astounded the manufacturing world with her recent book on the "Great Value of Cocoanuts as Bullets."

JAKIE JAHNS is the proprietor of a large department store in this city. The income tax collector comes in a dray each year.

MINNIE KESO is at present the honorable president of the Federated Women's Clubs of Wisconsin. They favor a greater voting franchise for men.

WALDEN KLITZKE is a scientific American farmer. He substitutes arc lights for the sun's rays at night and harvests his crops much sooner.

HARRY KROLL is the honorable President of the Third National Snow Bank of Fairwater. The village has grown wonderfully mainly because of his progressive business methods.

RUDEY KURTH is now Pres., Sec., Treas., and sole owner of the West Rosendale Light and Power Co. Rudey has invented a generator that is 136% efficient.

WILLIAM KURTH has been made a Duke by the Italian government and is now known as "Duke William of Sandwich."

ERNA LADWIG is Principal of R. H. S. At the West Fitzgerald H. S. she reduced the percentage of failures to 75.

AUDREY MAHON is the head of the Department of Music at Washington. She played before President Wilson—(was elected).

SOPHIA MEILAHN is a nurse in a Chicago Hospital. Hundreds of people have thrown themselves before moving trains merely that they might come under her tender care.

ALICE and HILDRED NIENSTEDT are now known to the vaudeville world as the "Terrible Twins" in a comedy skit entitled, "Oh, You Kid."

SAMMIE OLIVE has worn out only one pair of tires in the last twenty-five years due to hitting but the high places with his powerful car and reducing the tire wear.

FREEMAN OTTO started a revolution in Mexico last year and is now President of the Provisional Government. His court is as gay as that of Louis XIV.
THE TIGER

MYRTLE PARMELEE gives advice to young men through the columns of the Ripon Gazette. Her society notes are appreciated by the public.

EDWIN PISCHE, as President of the University of Chicago, has more than doubled the size and greatly increased the quality of the institution.

EDWARD RADKE, Secretary of Agriculture, will lecture in this city next week on the care and development of gooseberries.

LILLIAN REDEMANN is a trick motorcycle rider in Tingaling Bros. Circus. One hundred thrills a minute is her motto.

EVERDINE ROTTMANN took a leading part in establishing equal suffrage. She is at present a member of the Federal Supreme Court. The male members are but figureheads.

HARRY SCHMIDT controls thousands of acres of agricultural lands in the West. Like all great men, he is reported to have political aspirations.

Literary magazines are full of pictures of WILLIAM STEINEKE. He has won wide recognition by his poem entitled, "The Fickle and Capricious Elephant."

ESTHER STELLMAKER is one of the financial lords of America. She is commonly known as the "Millionaire Hairpin Magnate."

CO RENE SWEET, leading lady of the Inter-Planetary Film Co., has written a wonderful book on "How to Develop a Dimple."

HAZEL TABBERT conducts a matrimonial bureau in this city. The percentage of divorces resulting from her matches is but 67.

HERBERT THADA has monopolized the peanut industry of this country and has a beautiful mansion on the Hudson.

DONALD THAYER has won great applause by introducing into the State Legislature, a bill prohibiting the study or even the mentioning of Shakespeare in the public schools.

LOUISE THIEL is now the world’s most renowned and sensational woman balloonist. Horror stricken crowds watch her daily ascensions.

MABEL TURNER, since the death of her husband, now has active control of her aeroplane line from Pickett to Elo. The traffic is enormous.

ALLEN WILSON has won much favorable publicity as the author of "Dead Eye Dick," "Mary Pickford’s Last Fight," and "Bertha, the Bewitching Buccaneer," are among his most popular works.

LENHARDT ZANK has attained the pinnacle of his ambition as a public speaker and is now one of our brilliant aldermen.

ELSIE ZINZOW is known as "Countess Elsie of Spaghetti." (Such rise in fame and fortune is rarely equalled.)

May we all continue in our various arts and professions and rise to still higher stations. However, let us not forget dear old R. H. S. and the patient instructors who guided our early steps.
The following is a list of the accomplishments of the Class of 'Eighteen together with the work of a few of our energetic members:

1. The greatest basketball team in the history of R. H. S. which was composed entirely of Seniors. Otto, Gustin, Kurth, Wilson, Thada and Corliss completed the team which won fourth place and deserved third place in the State Tournament at Stevens Point.

2. Green Stockings, the Senior Play, was universally hailed as the greatest play ever given by the local high school. Lorraine Foat, Ruth Cease, Romayne Fewell, Helen Eversz, Erna Ladwig, Donald Thayer, Freeman Otto, Allen Wilson and Wilbur Boese were the Senior members of the all star cast.

3. We are the large class, by far, that has ever graduated from Ripon High School. Our fifty-one members are all live boosters.

4. Eight of our members are completing their courses in three years. So astounding an accomplishment is unsurpassed in the annals of educational history. Everdine Rottmann, Lorraine Foat, Allen Wilson, Elizabeth Hall, Marion Akin, Adelaide Buchholz, Anne Homer and Audrey Mahon are the star pupils.

5. We are not lacking in oratorical ability. The accomplishments of Rottmann, Foat, Eversz, Wilson and Thayer are topics of common discussion.

6. Four of our members are in the service. They are, Arnold Oldenburg, Great Lakes; Charles Webster, "Somewhere in France;" Loudon Webster, "Somewhere in France;" and Raymond Haensgen, U. S. Artillery.

7. This annual, which far surpasses anything ever attempted in former years, is wholly the work of Seniors.

8. Many of our members are officers in our school societies and other activities. Allen Wilson, President of Athenaeum; Donald Thayer, Vice-President of Athenaeum; Ruth Cease, President of Ecolian; Kathryn Harris, Vice-President of Ecolian; Harold Danielssen, President of the Boys' Glee Club; Freeman Otto, Captain of the Basketball Team; Allen Wilson, President of the Student Council; Merritt Gustin, Manager of Athletics; Audrey Mahon and Elnora Hill, Musicians, and many others, too numerous to mention.

9. Donald Thayer, as Editor in Chief of the Spectator, has greatly improved the paper and established a standard in R. H. S. journalism.

10. During our Junior year we presented the well known play entitled, "The Country Minister." Critics pronounced it the greatest success in years. It was necessary to present it a second time to please our local theategoers. The leading parts were taken by such able dramatic experts as Co Rene Sweet, Erna Ladwig, Donovan Corliss, Donald Thayer, Edwin Pischke, Helen Eversz, Ruth Cease, Freeman Otto, Wilbur Boese, Harry Kroll and Kathryn Harris.

Butler ............................................. George Hunter

Coaches—Miss Strathearn, Miss Taggart, Mrs. Clarkson

"Green Stockings" is a humorous play of the very highest quality and possesses a very favorable reputation throughout the length and breadth of the land. It has scored a big hit wherever it has been presented, and the local audience went wild with delight. The Municipal Auditorium was packed to the brim on Tuesday evening, May 21. "Green Stockings" was the talk of the town.

The cast is deeply indebted to their able coaches. Many times the interest lagged, but the determination of the instructors made the play a possibility, and finally, a huge success.

SQUIBS

Some of our boys are rendering excellent service to local farmers during the planting season. May their efforts add weight to the final blow at the "Potsdam Gang." (The accent should be placed on the last syllable of Potsdam.)

The Seniors are planning on a day's outing at Green Lake during the last week of school. Extensive preparations are being made for the event.

Now that we are out of High school there certainly can be no serious objection if some of us should devote our attention to rooting out the Boche.

Ripon High School has afforded a wonderful training, but this is the age of the specialist, and everyone who can possibly see their way clear, should continue their education along some definite line. It pays.
Editorials

BE SQUARE

WHAT a rich field for thought and philosophical exploration is opened to the person who freely absorbs the deep significance and fully realizes the numerous applications of the Senior Class motto, "Be Square". We may listen attentively to a thousand and one long-winded reformers urging us to heed the imminent necessity of moral improvement, but sermons of this type pass out of one ear even faster than they enter the other. If we are to be reformed we desire that the process be impressive and original. It does not necessarily have to be an entirely new thought, but it must be presented to our minds in a new manner in order that it will remain with us and influence our thoughts and actions. Otherwise the effect is lost and very little material good will result.

The word "unique" can be applied to a great many things around us but it fits
THE TIGER

exactly the Senior Class motto, "Be Square", and especially the form in which it is written. It is impressive and original; it holds our interest and demands our attention; it is but a re-incarnation of the old adage, "Honesty is the best policy".

"Be Square" is a fitting motto for any person to follow, especially in financial and domestic dealings. Keep this design of the letter B enclosed in square before your mind at all times and the world will hail you as a man of worth.

THE 1918 TIGER

A PERSON who is unacquainted with the trials of a journalist and the delicate yet manful labor of the printer, can hardly be expected to fully appreciate the work and care that was necessary in the publishing of this Annual. We will not attempt to deny the fact that there are defects, but please remember that Uncle Sam is engaged in a great war and needs all the financial support that can be given him. Consequently, there is very little left for the Tiger. Four extra pages have been added this year, and more would have been inserted if the necessary currency could have been obtained.

However, by squeezing every penny twice, we have been able to secure a number of beautiful department heads, cartoons and snap shots. Our book is as neat and complete as any Annual could possibly be, our only regret is that a larger book was beyond our reach.

MEMBERS of the present Graduating Class place a great deal of confidence in the Class of 1919. Next year they will be the "high and mighty Seniors". The Class of 1919 has exhibited surprising "pep" and its talent is evident in practically every school activity. Let us hope that the 'Nineteeners will smash all records of class accomplishments. The Class of 1918 hopes to see R. H. S. grow and we are confident that it will.

BASKETBALL

THE FACT that the 1918 Basketball team was composed wholly of Seniors is a fact worth wide publicity. More noteworthy of all, however, is the fact that our team secured fourth place in the State tournament. Such brilliant, astounding and unprecedented success has never been attained in the history of Ripon High School. Take off your hats to Coach Cook.

UNLESS war conditions necessitate the elimination of certain school activities next year, it is hoped that everything will be carried on with the same thoroughness that has been characteristic of 1918. "That which is worth doing at all, is worth doing well."

SEVERAL attempts have been made to locate former graduates of R. H. S. and especially those who are now in the service. Some authorities have placed our honor roll in the neighborhood of thirty. The names of the Alumni may be obtained in the office, and when compared with the Fond du Lac County Honor Roll, a very accurate list could be made. Here is work for next year's Spectator Staff.

Mielkie, Inez Swaney, Jean

Although the Senior Seconds are not the largest class in the institution, they are not lacking in energy and determination. It is remarkable what can be accomplished when a class works in harmony. They were unfortunate in losing eight of their most brilliant and talented members who are completing their course in three years and will graduate with the Class of 'Eighteen.
The Senior Firsts are pushing forward month by month and winning the respect of every other class in the institution. They have made a most enviable record, and have representatives in practically every school activity. There are thirty-six names on the roll and every member is a wideawake booster for the class and the school. May the Senior Firsts continue to develop their fine supply of talent and add more stars to the crown of R. H. S.

IN MOST High schools a membership in a literary society is a most highly prized privilege and the right to a seat at the meetings is often hotly contested. There is no reason why this condition should not prevail in Ripon High School as well, although we must face the deplorable fact that it does not.

A literary society such as the Athenaeum affords excellent training for the mind, and most important of all, it develops self-control when before an audience. To wilfully avoid a membership in a literary society is to throw aside a golden opportunity. There are many times in a man’s life when he is called upon to speak extemporaneously and it is then that his literary training or lack of training will manifest itself.

The few loyal members who have stood by the society through thick and thin are to be respected and may they reap the benefits of their labors. The programs have all been interesting and instructive and each member has derived a great deal of valuable information in being present.

There is nothing to hinder the Athenaeum from growing by leaps and bounds next year. A well organized and widely advertised membership campaign should bring about very satisfactory results. Watch the Athenaeum next year!

THE Ecolian has just completed a most successful year in every respect. All of the programs have been well attended and full of life and interest. The society was founded last year and its growth and accomplishments have been remarkable. The spirit of enthusiasm is evident at every meeting.

The girls seem more conscious of the great benefits of literary and declamatory training than do their brother workers in the boys' society. Some authorities have attributed this oratorical thirst to the fact that equal suffrage seems quite probable within a very short time. However true this may be, the girls have made great headway and their progress demands the admiration of the entire school.

Miss Strathearn, as Faculty Adviser, has been largely instrumental in encouraging the girls and stimulating the interest. There is a wealth of literary and oratorical material among the members and Miss Strathearn has been most successful in developing the society's talent. An able and interested coach is an invaluable factor in the success of any school activity.

Although the Ecolian is still in its infancy, big things are expected next year. The membership should be increased considerably in order to absorb all the talent possible. Under normal conditions and with a continuance of the present high degree of interest, the Ecolian should make rapid advances next year.
Boys' Glee Club

For the first time since the organization of the society, the Boys' Glee Club appeared before the public in a most pleasing operetta entitled, "Captain Van Der Hum."

To say that the audience applauded repeatedly is putting it mildly. The main room was packed and everyone spoke well of the entertainment. It was a most agreeable surprise to find so much real talent among our boy class-mates and practically every one of the members will be back next year.

"In a Flower Garden" stands forth as one of the most pleasing and successful entertainments of the year and total credit is due to the Junior Girls' Glee Club and Miss Page, their able and enthusiastic directress. Though the rehearsals grew somewhat tedious the girls lost none of their interest and the finished play gave evidence of careful preparation.

The Junior Girls' Glee Club is a new organization, but the girls have won great favor during this, their initial year. Many of the members have exhibited surprising talent and more laurels are expected next year.

Merritt Gustin...................... Assistant
Herbert Thada...................... Assistant

Nineteen Eighteen has been a most successful year for the Spectator. Every issue has contained features of special interest and the numbers are eagerly awaited by the students. The Spectator has been noticeably free from "dead" material and has been a complete success from every standpoint.

The results of the Spectator election, held in the assembly on Tuesday, May 28th, were as follows:

Editor.................. Harold Bumby
Assistant Editor.............. Edward Steinbring
Business Manager............. Gilbert Lambert

With Harold Bumby as Editor, Edward Steinbring as Assistant Editor, and Gilbert Lambert as Business Manager, the Spectator should continue to grow and improve next year. The above officers have the ability and push to edit a splendid paper.
It is extremely difficult to find a suitable combination of words to express the high esteem in which Coach Cook is held by both the student body and the members of the team. A Coach is more directly responsible for the success of a season than any other individual. Mr. Cook piloted the 1918 team to repeated victories which were far beyond even the wildest hopes of our local fans. As our Superintendent, he has made R. H. S. one of the foremost schools in the state, and as our Coach, he covered us with a glory which will never fade.

Freeman (Froggy) Otto—Captain—Center—Senior. Captain Otto has had three years' experience and was on the All-Tournament Teams at both Ripon and Oshkosh last year. "Froggy" played a wonderful game of ball this year and was again chosen on the Ripon College, All-Tournament Team. His graduation is a big loss to school athletics.

Merritt (Bill) Gustin—Forward—Senior. "Bill" has won many laurels in athletic circles, and long after he leaves the school, his name will remain as an inspiration to future athletes. He was one of the fastest and most accurate men on the team.

William (Bill) Kurth—Forward—Senior. Kurth is a steady dependable player and proved so be a vital cog in Coach Cook's machine. His heart was in his work and he possessed an abundant supply of both courage and skill.

Allen (Woodrow) Wilson—Guard—Senior. Many a team dashed its championship hopes against Wilson's stone-wall guarding. While the other members of the team boosted our score, Wilson held down the opponents'. He was an important factor in the year's success.

Herbert (Herb) Thada—Guard—Senior. "Herb" is an aggressive player and a well-rounded athlete. His speed and stellar guarding won many a game. It is not an over-estimation to say that Thada was one of the best guards that ever appeared on a local floor.

Donovan (Pete) Corliss—Forward—Senior. "Pete" should have been nick-named "speedy" if names signify anything at all. He was an accurate shooter and a stick-to-it player. He was without a peer in swiftness and accuracy.

Paul Little—Sub.—Little is little, but Oh My! Paul has an athletic build, skill and determination that should help to keep Ripon High School on the athletic map.

Neil Ladwig—Sub.—Although this was Ladwig's first year, he exhibited surprising ability and should be a most valuable man to future teams.

Ripon's season score is 209 points in advance of the opponents'.

The 1918 team won 16 out of 18 games.

The first 14 games were complete victories for Ripon.

Madison and Eau Claire caused the only defeats.

R. H. S. Won the Oshkosh and Ripon tournaments and placed fourth in the State Tournament.

1918 was a record breaker in R. H. S. basketball history.

The above statistics taken from the May number of the Spectator indicate the great success of the 1918 basketball season. Never in the history of the school have we been able to boast such victories. However, we are not selfish enough to wish this year's record to remain as the high-water mark. It is sincerely hoped that future teams will exceed our records and place Ripon High School in a still more prominent position in the athletic world. Every class and every team should work for the honor of the school and not merely for themselves.

Every one of the members of the team are full-fledged stars and would have won great individual honors had any of them been with other squads. As it was, their abilities were as near equal as nature could make them, and when playing on the same team, they were practically undefeatable.

As we are able to boast an all-star team, so also are we proud of our star coach, Supt. Cook. Coach Cook objects strenuously to all forms of publicity and praise, but in spite of his reluctance, the student-body joins with the team in extending our most sincere thanks for his wonderful work with the team and for the school this year.

Although the girls have participated in no outside games, they have derived a great deal of benefit and pleasure from their local contest. It is also reported that they are very accurate and expert players and were they to compete with other girls’ teams, they would place R. H. S. even higher on the athletic map than it is at present.
Here we have spent the happiest days of our lives, and may this picture ever serve to recall pleasant memories and warm acquaintances.

Ripon High School
W. Boese: "Do you like tea?"
Inez Mielke: "Yes, but I like the next letter better."

Mr. Paape, after capturing a German Infantry-man: "Have you got a wife?"
"Nein," answered the German.
"Nine," gasped our former faculty member, "Where's your Iron Cross?"—Ex.

M. Akin, in Geometry: "What does Q. E. D. mean?"
E. Rottmann: "Quite easily done, I suppose."

A. Nienstedt: "If we were in England, we could tell all about George Washington, but here, everyone knows him so well— — —."

Old lady: "Motorman, if I put my foot on the rail will I be electrocuted?"
Motorman: "No, madam, not unless you put the other foot on the trolley wire."—Ex.

Mr. Johnson: "Tonsils, if taken out, always make people brighter."
Student, name censored, "Well, it didn't affect me any."

We can't understand why there should be a sugar shortage. There is just as much "cain" being raised as ever.

D. Thayer: "John, are you on the Spectator subscription list?"
"Chub" Wilson, "No, I go down to Charley Saw's laundry each month and get his copy. He can't read English."

Even though the Germans may not have the will to endure, still, they have the William to endure.

Miss Strathearn: "What makes you think Chaucer dictated to a stenographer?"
D. Corliss: "Why, just look at the spelling."—Ex.

Another quite remarkable fact about the 1918 Tiger is that there are no Freshman jokes.

Paul Little: "A composition is a composition because it is composed of the things it is made up of."

R. Fewell: "I understand that Audrey Mahon is a finished violinist."
A. Horner: "Is that so; who did it?"
Jokes

"I'm like a tree," observed "Herb" as the clock struck eleven. "I am rooted to your side."

(?) "Yes, but you never leave, do you?" (And he put forth.)

Though they had never met b4.
What cause had she 2 care?
She loved him 10derly because
He was a 1,000,000 aire.

There are two principal ways in which a man can make a fool of himself. One is to become intoxicated, and the other is to make a speech.

Mr. Williams: "Now, if you will give the blackboard your attention, I will run over it again."

If it is true that a kiss speaks volumes, we know some people who have quite a library.

The boy stood on the moon-lit deck,
His head was in a whirl.
His ears and eyes were full of hair;
His arms were full of girl!

We concede the fact that money talks, but all it has ever said to most of us is, "Good-bye."

In an examination the students were required to write the principal parts of skate. One of them did it as follows:—Skate, slippere, fallerie, bumptum. The teacher marked the paper: fail, failere, flunkxi, suspendum.—Ex.

Miss Bruhn, giving dictation: "Keep all four arms (forearms) on the desk."

Some dentists are "painless" but we're not!

M. Amend: "I heard something sad this morning."
R. Fewell: "What was it, do tell."
M. A.: "Why, the alarm clock, of course."

Mr. Cook: "This is the age of the specialist. Is there anything you can do better than anyone else in the world?"
F. Otto: "Yes, I can read my own writing."
W. Kurth said that he painted the inside of his chicken house to keep the chickens from pecking the grain out of the wood.

Isn't it queer, we haven't pulled a joke on the Ford yet?

A. Buchholz, "I don't mind the meat-less days, but of, those date-less nights!"

If it takes a woodpecker three days to peck a hole in a tree, how long will it take a grasshopper to kick the seeds out of a dill pickle?

The History II class was given a big treat the other day. George Hunter actually failed to answer a question.

According to geometrical calculations it is seven and two-tenths miles to Green Lake but what we started out to say was that who ever started the war gave it an awful push.

"We're in a pickle," said one man.
"Oh, such a jam," cried another.
"We're packed like sardines," yelled a third.
"Heaven preserve us," whined an old lady.

Sign on bulletin board: Lost, fountain pen belonging to a boy with a cracked head.

Lod Webster, "Somewhere in France": "Hey, Chuck, what's the matter? Have you got the hiccoughs, and what are you sneezing so much for?"
"Chuck": "Aw, shut up, I'm trying to translate French; I'm not sneezing!"

A pair in a hammock
Attempted to kiss,
And in less than a jiffy,

Oh, boy, oh joy, here's the last paragraph in the Annual. No more grammatical rules to follow, no more bluffs to pull and no more "puffs" to manufacture. Just watch us rip off the last line:—vjmud yzxpdq kwunj hvuj mtprzbk yp uz tgvx mvczy yld!

THE HOUSE OF GOOD SHOES
Use our Electric Repair Department
The size of a dollar varies in proportion to the size of the brain of the man who possesses it.

Your Dollar and Prosperity

Prosperity dates from the first dollar saved. Ask any successful business man if he waited for success before he began to save. He will tell you that invariably saving precedes success.

We urge you to have a savings account—we make it easy—we pay you to save—we help you to save. We do this because we know the value of savings accounts to the individual. We have an opportunity every day in the year to observe many of the benefits and advantages enjoyed by the large number of depositors who come to this bank each week, every month, with their savings to be entrusted to our care.

We pay 3 per cent interest twice each year.

The First National Bank of Ripon is a strong, safe and conservative depository for your funds.
